Objective of project and description all functions

- Here we try to make it easier for the user to buy books at a symbolic price in easy and simple ways, and he can also see the authors and their books, as well as all the existing quotes, opinions, comments and other useful things for the user.
- We have in our website :
 - 1- mainPage : here you will find all books and new updates which occurs on our websity and will find the common books and common author and soon on....
 - 2- books' section : here we have alot of sections of books like (Islamic-Ethics-and-Ethics , Abu-Hanifa-al-Numan , tecnologys ,) all of these section have alot of books
 - 3- Author page : if you want to search about a specific author and his books , in ths section you will find all authors and thier books
 - 4- Reviews books : here you can left your opinion about your book and tell other user about your experience about your book and what are the moral from it
 - 5- books quotes page : here you will find all Quotes from users and authors
 - 6- Intellectual community page : here we try to make a post about our books and tell others people about our experience , and you can add a post
 - 7- Purchase page : here user will buy a specific book and after he buy it , he can download as pdf
 - 8- Admin page : here admin can control by every thing in our websity like (add books, remove books, add author and remove it , have control in community page and soon on...)
- Functions :
 - 1- Buy book
 - 2- Search about book
 - 3- Add your opinion
 - 4- Add post
 - 5- Search about author
 - 6- Add Quotes
 - 7- User can add book
